

## Ugandan government imposes curfew on Kampala

Kampala {Waagacusub.net} Ugandan government has imposed curfew on Kampala, the capital last and ordered business centers to be closed according to Waagacusub's correspondent, Mahir Walayo there.

Ugandan government contributed major troops to the African Union Mission in Somalia and it fears the possibility of terrorist attack carried out by Al-Shabab in its country as the group performed terror attack in Nairobi Kenya two months earlier.

Spokesperson of Al-Shabab, Ali Dhere threatened that his group would carry out attacks in countries contributed troops to Somalia, but it is not known their target and how it might be.

Uganda is not where such attack can be taken like Kenya because its officers are not fragile in taking bribe as Kenyans.

Ugandan's threat at the moment may affect Somali community living there and others travelling to Uganda as Ugandan Airways operate in Somalia.

Somalis sees Uganda as its second country; they live in freedom and enter into Uganda without visa.

Terrorist attacks are performed by Somalis having foreign nationalities and neighboring countries took fright from Somali citizens having no legal document or Somali passport.

However, Somali people in Ugandan capital Kampala remained in their homes last night and many forces were patrolling in the main roads and neighborhoods.
